Meetings slated on legislative districts

Legislative committees charged with redrawing Louisiana election districts have scheduled State Capitol meetings this week to go over census data that drive the process.

The Louisiana House and Governmental Affairs Committee meets Tuesday at 1:30 p.m. The next day, the Senate and Governmental Affairs Committee has scheduled a 3:30 p.m. meeting.

The two committees hit the road on Thursday for a series of nine joint meetings around the state to get ideas from the public on what they would like to see their legislative, congressional and other election districts look like.

The redistricting meeting for the Baton Rouge area will be held Feb. 21 at 6 p.m. at the Baton Rouge Community College, Louisiana Board Room in the Louisiana Building.
